PROFESSIONAL SUMMARY

Computer Scientist and ICT Professional with experience in software development, technical support, network administration, CCTV deployment, and systems implementation. Skilled in Python, PHP, JavaScript, SQL, Linux, and web technologies, with hands-on experience developing school management systems, network engineering and management, e-commerce platforms, POS solutions, and ICT infrastructure. Proven ability to troubleshoot technical issues, support end users, deploy network monitoring solutions, and deliver technology-driven solutions in educational and business environments.

EDUCATION

- ❖ Bachelor of Science in Computer Science (2nd Class Upper Division)- Kisii University (2020–2024)
Graduated: 19th December 2024
- ❖ Kenya Certificate of Secondary Education (KCSE)- Wareng High School (Grade: B+)

TECHNICAL SKILLS

- *Programming Languages:*
Python, JavaScript, PHP, Java, C++, SQL
- *Web Technologies:*
HTML5, CSS3, React, Node.js, PHP
- *Databases:*
MySQL, MongoDB
- *Systems & Networking:*
Windows Administration, Linux, Network Configuration, LibreNMS, CCTV Systems, Hardware Troubleshooting
- *Tools & Platforms:*
Git, Docker, AWS (Basic), Microsoft Office, Remote Support Tools
- *Development Frameworks:*
Django

EXPERIENCE

- ❖ **ICT Intern: Public Service Commission (PSC), University of Kabianga ICT Directorate (Jan 2026-Current)**
 - ✓ Provided end-user support for hardware, software, and user account-related issues.
 - ✓ Installed, configured, and maintained computer hardware and software applications.
 - ✓ Network administration, including deployment and monitoring of LibreNMS.
 - ✓ Assisted in configuration and maintenance of network devices and ICT infrastructure.
 - ✓ Installed drivers, operating systems, and productivity software (minimizing downtime).
 - ✓ Performed troubleshooting, maintenance, and repair of ICT equipment.
 - ✓ Conducted antivirus installation, updates, and system security checks.
- ❖ **Technical Specialist — Rolf Fortress Communications (2023–2024, Eldoret)**
 - ✓ Installed and configured CCTV surveillance systems.

- ✓ Performed network setup and ICT infrastructure support.
- ✓ Conducted hardware and software troubleshooting.
- ✓ Provided on-site and remote technical support to clients.

❖ **ICT attaché: Testimony School, Eldoret (June 2023 – Aug 2023)**

- ✓ Taught computer basics and introductory coding.
- ✓ Developed and updated modules for the school management system using PHP and MySQL.
- ✓ Debugged and optimized system components.
- ✓ Installed operating systems, software applications, and networking infrastructure.
- ✓ Performed computer repairs and maintenance.

❖ **Full-Stack Developer / Digital Solutions Support: Reparonic Limited (2024-2025)**

- ✓ Developed and maintained the company website and online shop.
- ✓ Implemented online marketing solutions to improve business visibility.
- ✓ Assisted in Point of Sale (POS) system development and deployment.
- ✓ Managed product listings and order processing systems.
- ✓ Technologies: HTML, CSS, JavaScript, PHP.

CORE COMPETENCIES

- | | | |
|-------------------|-------------------|-----------------------|
| • ICT Support | • CCTV Deployment | • System Installation |
| • Software Dev. | • Database Mgt. | • Technical |
| • Network Admin. | • Maintenance H/W | Documentation |
| • Troubleshooting | • User Training | • End User Support |

PROJECTS

➤ **CCTV Deployment**

- Installed and configured CCTV surveillance systems across multiple client sites, improving security monitoring and incident visibility. Technologies: Uniview, Dahua, Hikvision.

➤ **School Management System Update & Development: Testimony School**

- Updated modules, implemented features, optimized performance and resolved software bugs.
- Technologies: PHP, MySQL, HTML, CSS.

➤ **Online Marketing & POS Development: Reparonic Limited**

- Assisted in development and enhancement of POS functionality.
- Implemented digital marketing solutions and online business tools.

➤ **Smart Student Progress Monitoring System & Smart Home Automation System (Lead Developer)**

- Developed a machine learning-based system for predicting student performance.
- Developed a home automation solution.
- Technologies: Python, Machine Learning, MySQL, Raspberry Pi and Python.

CERTIFICATIONS

- | | |
|---------------------------------|--------------------------|
| ✓ W3Schools PHP & MySQL (2024). | ✓ Africa stalking (2023) |
| ✓ KUCSA (2023) | |

VOLUNTEER EXPERIENCE

- | | |
|--|---|
| 1. Computer literacy training (Uasin Gishu). | 4. Lake Victoria cleanup project (KSU Scouts). |
| 2. Alumni mentorship-Wareng High School. | 5. Band Music Trainer (Nyambaria & Anjengo Schools) |
| 3. Community Health volunteer (U.G). | |

ADDITIONAL INFORMATION & PERSONAL DETAILS

- ❖ Languages: English, Kiswahili, German (basic), Luhya. Nationality: Kenyan.
- ❖ Member: Kisii University Computing Students Association (KUCSA).
- ❖ Brass band musician & trainer.
